CORPORATION OF THE TOWN OF ST. MARYS

NOTICE IS HEREBY GIVEN that the Corporation of the Town of St. Marys intends to apply to the Legislative Assembly of the Province of Ontario at a regular session to be held in 1981 for Special Legislation to provide that:

1. An Act respecting the Town of St. Marys, Statutes of Ontario, 1954, Chapter 129 is repealed.
2. Town of St. Marys By-Law No. 942, 1954, being a By-law to repeal By-law Number 10, 1895 and By-law Number 939 of the Town of St. Marys and

to establish the basis of rating farm lands of not less than twenty-five acres in the Town of St. Marys, is repealed.

In 1954, the Municipal Council of the Corporation of the Town of St. Marys set a fixed rate of 45 per cent of the general rate after deducting from such general mill rate the exemptions and benefits granted by section 35 of *The Assessment Act*, R.S.O. 1950, Chapter 24 and amendments thereto, together with rates for debenture debts, school, and sewer purposes. The relief was granted to owners of farmlands in blocks of not less than twenty-five acres. Assessments, mill rates and farm tax reduction programs have changed over the years. The Council of the Corporation of the Town of St. Marys is of the opinion that this fixed rate for farmland is no longer equitable or fair.

If the proposed Special Legislation is enacted, the owner of such a parcel of farmland will be subject to the full general mill rate, as well as the rates for debenture debt, education, and sewer purposes.

Dated at St. Marys, this 4th day of February, 1981.

THE ENVIRONMENTAL ASSESSMENT
ACT, 1975

O. Reg. 115/81.
Exemption—Ministry of Transportation
and Communications—MTC-37.
Made—February 11th, 1981.
Approved—February 11th, 1981.
Filed—February 26th, 1981.

ORDER MADE UNDER
THE ENVIRONMENTAL ASSESSMENT
ACT, 1975

EXEMPTION—MINISTRY OF
TRANSPORTATION AND
COMMUNICATIONS—MTC-37

Having received a request from the Minister of Transportation and Communications that an undertaking namely:

The activity of carrying out advance clearing of trees and other vegetation, to facilitate the early construction of the Detour Lake Access Road if it is approved under the Act, from 21.5 km north of Highway 652 northerly for 63.5 km,

be exempted from the application of the Act pursuant to Section 30; and

Having been advised that if the undertaking is subject to the application of the Act, the following damage or interference with the persons indicated will occur:

- A. The public will be interfered with by the resulting delays in construction of this project which is viewed as being of significant benefit to the economy of northeastern Ontario;
- B. The Amoco Canada Petroleum—Dome Mines—Campbell Red Lake Mines joint venture, being a mineral development joint venture organized to carry out the development of the Detour Lake resource, will be interfered with and damaged by delays caused by the application of the Act to the undertaking of carrying out advance clearing.

Having weighed such damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment, which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders, subject to the terms and conditions set out below, that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Government of Ontario has made a commitment to provide access to Detour Lake subject to it being approved under the Act;
- B. The clearing of the alignment for the access road must be completed immediately to ensure that, if it is this road that is approved under the Act as the access to Detour Lake, a total of approximately 150 km of road may be completed on schedule to serve the Detour Lake mine which is to be operational by early 1983;
- C. The clearing of the alignment must be carried out during the winter season due to restrictions on the open burning of cleared debris during the summer season;
- D. The alignment of the access road is entirely upon Crown Lands and entirely within the Abitibi-Price forest lease limits, consent for the clearing activity having been given by the Abitibi-Price corporation;
- E. The timber resources which must be cleared are located within an area which the Abitibi-Price corporation plans to harvest within the next five years;
- F. The Ministry of Natural Resources has reviewed the clearing plans and is satisfied that all merchantable timber will be properly used;
- G. The clearing activity will employ only the closecutting method thus very little ground disturbance will occur;
- H. The environmental assessment for the access road undertaking has been submitted to the Ministry of the Environment;
- I. The advanced clearing activity will allow detailed soil investigation to be undertaken to determine the susceptibility of the access road alignment to erosion, and to determine effective mitigating measures in advance of road construction.

This exemption is subject to the following terms and conditions:

1. Commencement of road construction subsequent to the completion of advance clearing may be proceeded with only if the Detour Lake access road is approved under the Act.
2. The carrying out of the advance clearing shall not influence or determine the acceptance or approval of the route for the Detour Lake access road, nor shall it influence or determine the decision on whether or not to grant approval to proceed with the access road.
3. The undertaking exempt under this order is limited to the advance clearing described in

the Ministry of Transportation and Communications' Contract 80-458 (Detour Lake Road advance clearing from 21.5 km north of Hwy. 652 northerly 37.5 km) and in Contract 80-459 (currently under advertisement and to be awarded February 18, 1981; extending from 59.0 km north of Hwy. 652 northerly 26.0 km). CORPORATION OF THE TOWN OF ST. MARYS

NOTICE IS HEREBY GIVEN that the Corporation of the Town of St. Marys intends to apply to the Legislative Assembly of the Province of Ontario at a regular session to be held in 1981 for Special Legislation to provide that:

1. An Act respecting the Town of St. Marys, Statutes of Ontario, 1954, Chapter 129 is repealed.
2. Town of St. Marys By-Law No. 942, 1954, being a By-law to repeal By-law Number 10, 1895 and By-law Number 939 of the Town of St. Marys and

to establish the basis of rating farm lands of not less than twenty-five acres in the Town of St. Marys, is repealed.

In 1954, the Municipal Council of the Corporation of the Town of St. Marys set a fixed rate of 45 per cent of the general rate after deducting from such general mill rate the exemptions and benefits granted by section 35 of *The Assessment Act*, R.S.O. 1950, Chapter 24 and amendments thereto, together with rates for debenture debts, school, and sewer purposes. The relief was granted to owners of farmlands in blocks of not less than twenty-five acres. Assessments, mill rates and farm tax reduction programs have changed over the years. The Council of the Corporation of the Town of St. Marys is of the opinion that this fixed rate for farmland is no longer equitable or fair.

If the proposed Special Legislation is enacted, the owner of such a parcel of farmland will be subject to the full general mill rate, as well as the rates for debenture debt, education, and sewer purposes.

Dated at St. Marys, this 4th day of February, 1981.

Clerk-Treasurer,
Town of St. Marys,

THE ENVIRONMENTAL ASSESSMENT
ACT, 1975

O. Reg. 123/81.
Exemption—Township of Kingston—
MUN-1.
Made—January 29th, 1981.
Approved—January 29th, 1981.
Filed—March 4th, 1981.

ORDER MADE UNDER
THE ENVIRONMENTAL ASSESSMENT
ACT, 1975

EXEMPTION—TOWNSHIP OF
KINGSTON—MUN-1

Having received a request from the Chief Administrative Officer, of the Corporation of the Township of Kingston that an undertaking, namely:

The purchase of property known as the McFarland Quarry located on the 4th Concession Road, Kingston Township,

be exempt from the application of the Act pursuant to Section 30; and

Having been advised that the undertaking is subject to the application of the Act, the following interference with persons indicated will occur; the property will be sold to another party removing it from the alternatives available in the Township of Kingston as a potential sanitary landfill site.

Having weighed such interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reason:

- A. Preliminary investigations carried out before the Act was made applicable to municipal undertakings indicated that this property had one of the highest potentials as a sanitary landfill site of the sites examined in the Township of Kingston. At the time the council passed the resolution allowing the purchase of the property the purchase was subject to the Act.

This exemption is subject to the following terms and conditions:

1. The purchase of the property by the Corporation of the Township of Kingston shall not be used as reason or argument for the siting of any facilities which are subject to the Act.
2. This exemption will expire on October 23rd, 1981. O. Reg. 123/81.

THE ENVIRONMENTAL ASSESSMENT ACT, 1975

O. Reg. 126/81.

Exemption—The City of Toronto and
The City of Toronto Non-Profit
Housing Corporation—TOR-1.

Made—February 24th, 1981.

Approved—February 24th, 1981.

Filed—March 9th, 1981.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT, 1975

EXEMPTION—THE CITY OF TORONTO AND THE CITY OF TORONTO NON-PROFIT HOUSING CORPORATION—TOR-1

Having received a request from the Commissioner of
The City of Toronto Housing Department, that an
undertaking, namely:

The construction and operation of a new 97 unit
apartment building to be located at 15-35 Mutual
Street for the purpose of providing assisted housing
in the east downtown area of Toronto,

be exempt from the application of the Act pursuant to
Section 30; and

Having been advised that if the undertaking is sub-
ject to the application of the Act, the following injury,
damage or interference with the persons and property
indicated will occur:

- A. The public will be interfered with by the delay
in bringing assisted rental apartments onto
the Metro Toronto housing market to meet the
immediate needs of local demand.

Having weighed such injury, damage, or interfer-
ence against the betterment of the people of the whole or
any part of Ontario by the protection, conservation and
wise management in Ontario of the environment which
would result from the undertaking being subject to the
application of the Act;

The undersigned is of the opinion that it is in the
public interest to order and orders, subject to the terms

and conditions set out below, that the undertaking is
exempt from the application of the Act for the following
reasons:

- A. The exemption will allow The City of Toronto
and The City of Toronto Non-Profit Housing
Corporation to construct and operate an
apartment building for occupation by those
who are in need of assisted rental accommo-
dation;
- B. The Metropolitan Toronto area is currently
experiencing a very low vacancy rate in
apartment rentals, and the special need for
assisted rental accommodation is urgent at
this time;
- C. The proposed apartment building will be
located in an area where the location of the
facility is not likely to have any particular
adverse or negative impact on the local envi-
ronment;
- D. The City of Toronto intends to prepare and
submit a class environmental assessment on
its housing programs within a set period of
time which will be established after consulta-
tion between the Ministry of the Environment
and the City.

This exemption is subject to the following terms and
conditions:

1. This exemption shall terminate if tenders for
construction are not awarded by May 31,
1982.
2. This exemption shall not apply to any other
assisted housing project to be undertaken by
The City of Toronto or The City of Toronto
Non-Profit Housing Corporation. O. Reg.
126/81.

1.—(1) In this Regulation,

- (a) "credit" means credit as defined in section 1 of Ontario Regulation 127/81;
- (b) "current cost of operating" means in respect of a board, its current cost of operating for 1981 as defined in section 1 of Ontario Regulation 127/81 except that, in respect of a board appointed under section 68 of the Act, the current expenditure for 1981 for all furniture and equipment and all debt charges as defined in section 1 of Ontario Regulation 127/81 are excluded therefrom;
- (c) "elementary school pupil" means an elementary school pupil as defined in section 1 of Ontario Regulation 127/81;
- (d) "pupil accommodation charge" means pupil accommodation charge as defined in section 1 of Ontario Regulation 127/81;
- (e) "resident-external pupil" means a resident-external pupil as defined in section 1 of Ontario Regulation 127/81;
- (f) "resident-internal pupil" means a resident-internal pupil as defined in section 1 of Ontario Regulation 127/81;
- (g) "technological studies" means the courses developed from curriculum guidelines that are issued by the Minister for the intermediate division and senior division and listed under the heading "Technological Studies" in circular H.S. 1 issued by the Ministry.

(2) Where a board of education provides instruction for one or more pupils in respect of whom fees are receivable, the fees shall be calculated under this Regulation as if the board of education were a public school board and a secondary school board. O. Reg. 128/81, s. 1.

2.—(1) Subject to subsection 2 and to sections 3 and 6, where a board provides instruction for pupils whose fees are receivable from another board or from Canada, the fees shall be calculated by,

- (a) subtracting from the current cost of operating of the board that provides the instruction the grant payable to such board under subsections 1 and 2 of section 10 of Ontario Regulation 127/81 and dividing the difference so obtained by the average daily enrolment for 1981 of such board; and
- (b) multiplying the average daily enrolment of the elementary or secondary school pupils whose fees are receivable from the other board or from Canada, as the case may be, by the sum of,
 - (i) the amount determined under clause *a*, and
 - (ii) except where the board that provides the instruction is a board appointed under section 68 of the Act, the pupil accommodation charge for such pupils.

(2) Where a board has entered into an agreement under subsection 2 of section 162 of the Act that provides for a payment by the Crown in right of Canada to provide classroom accommodation for a specified number of pupils, the pupil accommodation charge for each such pupil shall, notwithstanding clause *d* of subsection 1 of section 1, be deemed to be zero. O. Reg. 128/81, s. 2.

3. Where a board appointed under section 68 of the Act operates a school in a centre for the treatment of cerebral palsy, a crippled children's treatment centre, a hospital or a sanatorium and provides instruction therein for pupils whose fees are receivable from any source, the fee for such a pupil shall be calculated by,

- (a) adding to the current cost of operating of the board for the year in which it provides the instruction, the portion approved by the Minister for grant purposes of the expenditure for such year for the transportation of pupils, and deducting from the total thereof the general legislative grants payable to the board for such year except a grant that is equal to the cost of education;
- (b) dividing the amount determined under clause *a* by the sum of the days on which each pupil is enrolled at the school; and
- (c) multiplying the amount determined under clause *b* by the number of days for which the pupil whose fee is being calculated is enrolled at the school. O. Reg. 128/81, s. 3.

4. Where a board, except a board appointed under section 68 of the Act, provides instruction for a pupil in respect of whom fees are required to be paid, other than a pupil whose fees are receivable from another board or from Canada, and the parent or guardian of the pupil is resident in Ontario, the fees payable on behalf of the pupil shall be such as the board may prescribe but the fees charged in respect of such pupil shall not exceed the product of the number of months of the year during which the pupil is enrolled in a school operated by the

board that provides the instruction and one-tenth of the quotient obtained by dividing,

(a) the excess of,

(i) the sum of the amounts that the board that provides the instruction requisitioned, levied or caused to be levied in the preceding year for public, secondary or separate school purposes, as the case may be,

over,

(ii) the sum of,

- a. the payments in lieu of taxes for 1980 in section 1 of Ontario Regulation 228/80 in respect of, and
- b. the portions allocated to the board for 1980 of tax levied under section 304a of *The Municipal Act* by,

the municipalities and localities within the jurisdiction of the board, for public, secondary or separate school purposes, as the case may be,

by,

(b) the average daily enrolment for such preceding year of resident-internal pupils and resident-external pupils of the board that provides the instruction. O. Reg. 128/81, s. 4.

5. Where in any year a board provides instruction for a pupil in respect of whom fees are required to be paid and whose parent or guardian does not reside in Ontario, the fees payable by or on behalf of the pupil shall be such as the board may prescribe but, subject to subsection 4 of section 6, shall not exceed the product obtained by multiplying,

(iv) section 34.

- (6) Clause 26 (7) (c) of the said Regulation, as made by section 1 of Ontario Regulation 237/79, is amended by adding thereto the following subclause:

(v) section 34.

2. The said Regulation is amended by adding thereto the following section:

34.—(1) In this section,

- (a) "person with a permanent physical handicap" and "persons with a permanent physical handicap" means a person or persons who are permanently deprived of the functional use of one or more arms or legs, or whose personal mobility within the usual environment where they live or work is permanently restricted to the use of a wheelchair, crutches, braces or other devices designed to assist the person's mobility; and
- (b) "member of the family" means the daughter, daughter-in-law, son, son-in-law, spouse, parent, brother, sister, grandparent or grandchild of the person with respect to whom the expression is being used.

- (2) The Minister may, upon receipt of an application in writing therefor, rebate to the purchaser of a motor vehicle the tax paid under the Act on the purchase

where the Minister is satisfied that the purchaser and registered owner of the motor vehicle,

- (a) is a person with a permanent physical handicap or a person who, for medical reasons that do not render him a person with a permanent physical handicap, is permanently and seriously restricted in his personal mobility, and is purchasing the motor vehicle for his own use; or
- (b) is a member of the family of a person with a permanent physical handicap who does not own a motor vehicle, and is purchasing the motor vehicle to provide transportation to the person with a permanent physical handicap of whose family the purchaser is a member; or
- (c) is a religious, charitable or a non-profit organization and is purchasing the motor vehicle to be used principally to transport persons with a permanent physical handicap.

- (3) No rebate shall be made under this section where,

- (a) the application for the rebate is submitted to the Minister more than three years after the date when the tax, a rebate of which is claimed, was paid or for the rebate of tax paid prior to the first day of March, 1981;
- (b) the motor vehicle, the tax on the purchase of which is sought to be rebated, will be used or operated for profit or as part of an undertaking carried on for gain; or
- (c) the applicant (other than a religious, charitable or non-profit organization) or a member of the family of the applicant was, at the expiration of thirty days after the purchase of the motor vehicle, the tax on the purchase of which is sought to be rebated, the owner of a motor vehicle with respect to the purchase of which a rebate has previously been made under this section or under section 9 of Regulation 784 of Revised Regulations of Ontario, 1970, but where the Minister is satisfied that such ownership is the result of the owner's inability expeditiously to dispose of the motor vehicle, this clause does not apply to prevent the rebate applied for.

- (4) Every application for a rebate under this section shall be accompanied by,

- (a) a copy of the purchase contract for the motor vehicle for the tax on the purchase of which a rebate is claimed setting out the purchase price and the tax paid on the purchase; and
- (b) where the applicant is purchasing the motor vehicle for his own use, a physician's certificate clearly setting out that the applicant is a person with a permanent physical handicap or a person who, for other medical reasons

specified in the certificate, is permanently and seriously restricted in his personal mobility, and the certificate shall describe the nature of the permanent physical handicap of the person;

(c) where the applicant is a member of the family of a person with a permanent physical handicap, a physician's certificate describing the person's permanent physical handicap and a statement by the applicant of his relationship to the person and of the use the applicant will make of the motor vehicle to provide transportation to that person; or

(d) where the applicant is a religious, charitable or non-profit organization, a statement that the motor vehicle is purchased to be used principally to transport persons with a permanent physical handicap and that the applicant is a religious, charitable or non-profit organization; and

(e) such further information in addition to that information required under clauses (a) to (d) as the Minister requires.

(5) The Minister may obtain from the Ontario Advisory Council on the Physically Handicapped, or from a physician, an opinion concerning the nature of the physical handicap or restriction on personal mobility of any person for whose transportation a motor vehicle is purchased and an application for rebate made under this section, and such opinion may be relied on in determining the entitlement of the applicant to receive the rebate under this section.

(6) The Minister is not bound by the assignment by a person to whom a rebate under this section is payable of the person's right to the rebate.

(7) No interest shall be paid in respect of any rebate made under this section. O. Reg. 140/81, s. 2.

be exempted from the application of the Act pursuant to Section 30; and

Having been advised that if the undertaking is subject to the application of the Act, the following interference with the persons indicated will occur:

The employees of the Government of Ontario who will be relocated to Oshawa as a result of the relocation of a major part of the Ministry of Revenue of the Province of Ontario to the Ontario Government Building and the citizens of Oshawa will be interfered with if the undertaking is delayed. Without the construction of the parking structure, demand will far exceed the supply of parking in the downtown area of the City of Oshawa, causing enforcement problems and congestion in the area of the Ontario Government Building.

Having weighed such interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment, which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The undertaking will assist in the harmonious relocation of the Ministry of Revenue to the Ontario Government Building now under construction in Oshawa. This is consistent with the Government's policy on the relocation of labour intensive activities and programs to develop regional economic diversity;
- B. The undertaking will further complement the revitalization of the area already to be enhanced by the construction of the Ontario Government Building;
- C. The Mayor of the City of Oshawa has advised me that:
 - (i) the City's existing municipal services, traffic pattern and restricted area by-law provisions are all such that the undertaking can be accommodated;
 - (ii) the Central Lake Ontario Conservation Authority has approved the undertaking, subject to consideration of construction of embankment stabilization and channelization works as set out in the Oshawa Creek Preliminary Engineering Study; and,
 - (iii) measures will be taken to commemorate the historic interest of the site; and
- D. The Ministry of Government Services overlooked obtaining an exemption for this undertaking at the time it was obtaining exemption order MGS-38 for the Ontario Government Building.

This exemption is subject to the following terms and conditions:

1. Tenders for construction shall be awarded no later than December 31, 1982, and
2. The Ministry of Government Services shall notify the Environmental Approvals Branch, Ministry of the Environment between 30 and 100 days prior to the calling of tenders for the undertaking, advising that the Ministry of Government Services has reviewed the undertaking and is of the opinion that the current situation under which the undertaking is proposed is unchanged from the situation that existed on the date that this exemption order was issued. O. Reg. 163/81.

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons indicated will occur:

- A. The Crown and the public will be interfered with by the unnecessary expense in preparing an environmental assessment of an undertaking which is expected to have insignificant consequences on the environment.

Having weighed such injury, damage, or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Ministry of Natural Resources has indicated that the activities comprising the undertaking, which are described in material filed by the Ministry of Natural Resources in connection with the request for this order, are not expected to result in any significant adverse environmental effects.

The exemption is subject to the following terms and conditions:

1. Prior to commencement of a project forming part of the undertaking, the MNR District Office responsible for the project will ensure that notice is given to the appropriate MOE office and affected public of all seismic work and drilling operations.

5. Where the implementation of the undertaking requires some activity for which an environmental assessment has been done and approval to proceed received, be conducted, that activity will be carried out in accordance with the environmental assessment and approval to proceed. O. Reg. 164/81.

THE ENVIRONMENTAL ASSESSMENT ACT, 1975

O. Reg. 191/81.

Exemption—Ministry of Transportation and Communications—MTC-38.

Made—March 10th, 1981.

Approved—March 10th, 1981.

Filed—March 31st, 1981.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT, 1975

EXEMPTION—MINISTRY OF TRANSPORTATION AND COMMUNICATIONS—MTC-38

Having received a request from the Minister of Transportation and Communications that an undertaking, namely:

The activity of carrying out the design and construction of Highway 416 from Regional Road 13 northerly to the vicinity of Regional Road 8,

be exempted from the application of the Act pursuant to Section 30; and

Having been advised that if the undertaking is subject to the application of the Act, the following interference with the persons indicated will occur:

- A. The public will be interfered with by the resulting delays in construction of a project for which a public commitment to expedite construction has been made by the Premier of Ontario; and
- B. The Township of Rideau will be interfered with by the delay in completion of a project for which a designated alignment has existed since the late 1960's, and upon which land use planning and development have taken place in expectation of the highway's construction.

Having weighed such interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment, which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Premier of Ontario has made a public commitment to expedite construction of this road;
- B. An active public participation program formed a significant part of the planning for the undertaking;
- C. The Rideau Township Council recently passed a resolution agreeing in principle with the proposal to construct the project within the designated alignment in the Municipality, and the project has been discussed with and agreed to by the Chairman of the Regional Municipality.

This exemption order is subject to the following terms and conditions:

1. The Ministry of Transportation and Communications shall prepare and submit to the Ministry of the Environment an environmental status statement covering the design and construction portion of the undertaking, for information and monitoring purposes only.

INFORMATION STATEMENT

[NOTE: This form consists of two parts, a brief introduction and the statement itself. The first part should appear on a separate sheet, with the second part attached.]

PART I

TO: PROSPECTIVE COMMODITY FUTURES CUSTOMERS

For the speculator, futures trading is a high risk activity in which it may not be possible to limit the extent of potential liability. Before you buy or sell a contract you should be certain you can afford to lose not only the money you put up initially but additional money as well.

Attached is an information statement on certain aspects of futures trading. The following are among the points that you should consider in studying this statement:

1. *Financial Exposure*—You should fully understand the description of margin arrangements and of how you can be required to put up additional money even after your initial trade. See the section headed “Risk”.
2. *Settlement Procedures*—Once you have made a trade, you cannot sit back and treat it as a long-term investment. You must arrange to meet margin calls. And before the end of the contract term you must arrange an offsetting transaction, if you want to avoid having to settle by making or taking physical delivery. See the section headed “Settlement of Contracts”.
3. *Use of Funds*—Money you deposit with a dealer as margin may earn interest or be used by the firm in its business and you should be aware of the firm’s policy as to whether it will pay you interest on this money. Also, if the value of the contract moves in your favour, money will be credited by the clearing house and you should be aware of your dealer’s policy as to whether it will permit you to withdraw any amounts credited to it when the contract moves in your favour. These policies, discussed under “Interest on Customer’s Balance” and “Disbursement of Funds During Life of Contract” can have a significant impact on the economic results of your trading.

These are not the only parts of the attached material that are important. You should study the material carefully, and ask any questions about it that may occur to you, before you enter your first transaction.

PART II

SUMMARY DESCRIPTION OF COMMODITY FUTURES TRADING

NATURE OF THE CONTRACTS

1.01 When you trade in commodity futures contracts you are entering contracts to make or take delivery of a specified quantity or quality, grade or size of a commodity during a designated futures month at a price agreed upon when the contract is entered into on your behalf on a commodity futures exchange.

MARGIN

1.02 Each commodity futures exchange requires its members to obtain mandatory minimum margin from customers for whom the exchange members act. Many commodity futures exchanges set minimum margin requirements on the basis of a two tier system which is comprised of an “initial margin” requirement and a “maintenance” level. “Initial margin” is the original deposit required, the earnest money when the contract is entered into. If the market price moves against the customer’s position causing the margin on deposit to fall to or under a prescribed level called “maintenance” he will be required to furnish “variation margin” or additional funds to restore margin on deposit to initial margin. Other commodity futures exchanges set minimum margin requirements on the basis of a single rate which must be deposited when the contract is entered into and which

must be maintained at all times while the contract position remains open. The minimum initial margin is thus in practice equal to the maintenance level. Under both systems margin is calculated at the end of each day and more frequently during active markets. When variation margin is required it must be furnished immediately.

DAILY PRICE LIMITS

1.03 Commodity futures exchanges also impose maximum daily permissible price changes in each commodity—"daily price limits"—certain amounts above or below the previous day's closing price, beyond which limits, no trades may be affected.

1.04 The reason for such limits is to prevent sudden extreme price movements. However, the result can be days elapsing before a trading level is found. The loss to a trader on the wrong side of the market and seeking to offset his contract can be substantial.

SETTLEMENT OF CONTRACTS

1.05 Only a very small proportion of commodity futures contracts are, in fact, settled through actual delivery of a commodity. Instead, they are usually settled by entering an opposite or offsetting contract. To settle a contract in which a certain amount of a particular commodity for a given delivery month was bought, the buyer subsequently contracts to sell a like amount of that commodity for the same delivery month. To settle a contract in which a commodity was sold, the seller buys an equal amount. Any difference between the price at the time the original contract was made and the price at the time the liquidating or offsetting contract is entered into is settled in cash.

RISK

2.01 The risk of loss in commodity futures trading is substantial. You should, therefore, carefully consider whether such trading is suitable for you in light of your financial condition, objectives and temperament. In considering whether to trade, you should be aware of the following:

- (1) You may sustain a total loss of the initial margin funds and any additional funds that you deposit with your broker to establish or maintain a position in the commodity futures market. If the market moves against your position, you may be called upon by your broker to deposit a substantial amount of additional margin funds, on short notice, in order to maintain your position. If you do not provide the required funds within the prescribed time, your position may be liquidated at a loss, and you will be liable for any resulting deficit in your account.
- (2) Under certain market conditions, you may find it difficult or impossible to liquidate a position. This can occur, for example, when the market makes a "limit move".
- (3) Placing contingent orders, such as "stop-loss" or "stop-limit" order, will not necessarily limit your losses to the losses to the intended amounts, since market conditions may make it impossible to execute such orders.
- (4) A "spread" position may not be less risky than a simple "long" or "short" position.
- (5) The high degree of leverage that is often obtainable in futures trading because of the small margin requirements can work against you as well as for you. The use of leverage can lead to large losses as well as gains.
- (6) As most transactions are made in foreign currencies the risk you assume includes those related to currency fluctuations.
- (7) In the event of the bankruptcy of a dealer it is probable that you would merely have, as to your claim against funds deposited as margin, the status of an unsecured creditor whether or not such funds were segregated under the *Commodity Futures Act, 1978*. You would then participate in available assets on a *pro rata* basis with other unsecured creditors.

2.02 This brief statement cannot, of course, disclose all the risks and other significant aspects of the commodity markets. You should therefore carefully study and become familiar with all aspects of commodity futures trading.

MARGIN

minimum amounts prescribed by a commodity exchange. When variation margin is required from the customer the amount deposited must restore margin on deposit to the original deposit required by the firm.

3.02 In lieu of cash, margin requirements may be met by the deposit, in denominations of not less than \$10,000, of Treasury Bills issued by the Government of Canada or by the Government of the United States. Since a Treasury Bill is sold at a discount to mature at par, interest will accrue to the bearer.

Treasurer's Sale of Land for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

MUNICIPALITY OF THE TOWN OF HARROW
COUNTY OF ESSEX, PROVINCE OF ONTARIO

 - (ii) a person or company, together with any affiliate, by or through whom 25 per cent or more of the securities of the issuer which were distributed during the last completed financial year of the issuer were distributed.

4. With the consent of the Director, a person or company who would otherwise be a principal distributor may, with respect to any one or more of the items of disclosure required by this Form, be treated as not coming within the definition of a principal distributor.

(b) Set out in tabular form in the body of the Summary Statement or by way of note to the financial statements contained in or accompanying the Summary Statement a record of management

5. The financial statements contained in or accompanying the Summary Statement should set out in appropriate detail the amounts of the management fee and other expenses, if any, which have been charged to the issuer.
6. The basis or rates of charges levied against security holders rather than the issuer for special services such as trustee fees for registered retirement savings plans, redemption fees, conversion of investments from one fund to another within related mutual funds, or any other specific service charge to a class of investors, should be disclosed separately, in a single table in the body of the Summary Statement or in the financial statements and should not be included as part of the management expense ratio.
